RE: Support the Freedmen's Bureau Reactivation and Modernization Act of 2025

Dear [Representative/Senator] [Last Name],

I am writing to urge you to support and co-sponsor the **Freedmen's Bureau Reactivation and Modernization Act of 2025**, a comprehensive federal bill designed to finally deliver the justice, recognition, and reparative protections owed to Freedmen Descendants in the United States.

This Act:

- Establishes a verified Freedmen Lineage ID program
- Provides Emancipation Acknowledgement Letters to eligible descendants
- Rebuilds the legal protections originally promised under the Freedmen's Bureau
- Funds education, health, housing, and economic programs for the survivors of U.S. chattel slavery
- Honors treaty obligations and ends over a century of exclusion, displacement, and identity erasure

As a constituent and/or supporter of this movement, I believe it is time for the U.S. government to correct its long-standing failure to uphold its own laws and promises to this specific group.

The Freedmen Bureau Act is rooted in truth, grounded in documented history, and offers a clear path toward repair and dignity for a population that has waited far too long.

I respectfully request that you support this legislation and stand on the right side of history.

Sincerely,

[Your Name]
