

 **Freedmen Bureau Act National Petition Form**

Restore Justice. Repair the Future.

We, the undersigned, support the **Freedmen’s Bureau Reactivation and Modernization Act of 2025** — a historic bill that secures federal recognition, reparative protections, and legal identity for the descendants of persons enslaved under U.S. and Tribal slavery systems prior to 1877.

By signing below, we affirm our support for this legislation and call on Congress to pass it without delay.
